- 18W in-box charger
- Available colors: Carbon Black, Flame Red, Glacier Blue*

Others

- Hi-Res Audio
- Netflix HD and HDR
- 3.5mm headphone jack
- 0.9cc large speaker box

True full-screen experience with unique back cover

Mi 9T features a 6.39" AMOLED display without a notch, delivering an incredible immersive viewing experience. Mi 9T has a beautiful four-sided curved back, which uses nano-holographic technology to produce a unique flame design. The combination of 3D glass and extremely narrow frame gives the phone an incredibly comfortable hand-feel.

Pop-up selfie, 48MP AI triple camera

By adopting an elegant pop-up selfie solution, Mi 9T is able to achieve a true full screen display. Take group selfies with the panorama feature that allows panning the 20MP selfie camera to include all your friends in a single shot. On the back, Mi 9T comes with an ultra-high resolution AI triple camera at 48MP, along with a 13MP ultra-wide lens with a 124.8° field of view as well as an 8MP telephoto lens, delivering a SLR-like photography experience.

Qualcomm® Snapdragon™ 730

Mi 9T is powered by the best-in-class Qualcomm® Snapdragon™ 730 Mobile Platform. It is fueled by an octa-core Kryo™ 470 chip processor based on the 8nm process for extreme power efficiency while delivering powerful AI performance.

Built to last, built for you

There're so many things to love about the Mi 9T. It is packed with a long-lasting 4000mAh battery that lasts at least a full day on a single charge, and supports 18W fast charging. It comes with a 3.5mm headphone jack, multi-functional NFC, and a fast in-screen fingerprint sensor that allows phone unlock in an instant.
